Committee Mandate and Purpose

The mandate of the Nominating and Corporate Governance Committee (the “Committee”) is to oversee the composition of the Board of Directors (the “Board”) of Service Corporation International (“SCI” or the “Company”) and its committees and to provide leadership to the Board in the development of its corporate governance principles and practices. Specific responsibilities of the Committee in fulfilling its mandate are those outlined below.

The Committee has the authority to undertake the specific duties and responsibilities as are enumerated in or consistent with this charter, and will have the authority to undertake such other specific duties as the Board from time to time prescribes.

Committee Responsibilities

The following are the principal recurring responsibilities of the Committee. The Committee may perform such other functions as are consistent with its purpose and applicable law, rules and regulations and as the Board or the Committee deem appropriate. In carrying out its responsibilities, the Committee believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances.

1. **Corporate Governance Guidelines**

To develop Corporate Governance Guidelines and present these to the Board for discussion and approval. To regularly review, monitor and, as appropriate, update the Corporate Governance Guidelines and to ensure that SCI’s current Corporate Governance Guidelines are publicly disclosed on the Company’s website, in the Company’s proxy or by other reasonable means.

Using these processes, the Committee will recommend director nominees to the Board for approval, who, if approved, will stand for election by the shareholders at the Annual Meeting. The Committee will also make recommendations to the Board to fill Board vacancies arising between Annual Meetings.

4. Committee Appointments

To make recommendations to the Board with respect to committee assignments for Board members, including the chairs for such committees.
