

# SERVICE CORPORATION INTERNATIONAL ANNOUNCES FOURTH QUARTER 2023 FINANCIAL RESULTS AND PROVIDES 2024 GUIDANCE

## Conference call on Tuesday, February 13, 2024, at 8:00 a.m. Central Time.

HOUSTON, Feb. 12, 2024 /PRNewswire/ -- Service Corporation International (NYSE: SCI), the largest provider of deathcare products and services in North America, today reported results for the fourth quarter of 2023.

## Highlights:

- Revenue increased \$28 million to \$1.1 billion.
- Comparable preneed cemetery sales production grew 9.4%.
- Comparable preneed funeral sales production grew 4.2%.
- GAAP earnings per share were \$0.93 and \$3.53, for the fourth quarter and full year 2023, respectively.
- Adjusted earnings per share were \$0.93 and \$3.47, for the fourth quarter and full year 2023, respectively.
- Operating cash flow of \$278 million and \$869 million, for the fourth quarter and full year 2023, respectively.
- Adjusted operating cash flow of \$882 million for the full year 2023, just above the high end of our expectations.
- 2024 adjusted earnings per share guidance of \$3.50 to \$3.80.

## Tom Ryan, the Company's President, Chairman, and Chief Executive Officer, commented on fourth quarter results:

"We delivered a solid quarter as we closed out 2023 and are pleased to report growth in revenue and adjusted earnings per share. The revenue growth is primarily due to a 9% increase in preneed cemetery sales production, which drove higher gross profit. Adjusted cash flow for the quarter grew over \$100 million from improved operating income enhanced by expected lower cash taxes and increased sources of working capital that more than offset higher cash interest payments.

For the full year of 2023, we reported adjusted earnings per share of \$3.47, which represents a 16% growth on a compounded annual basis since pre-pandemic 2019.

- The number of comparable funeral services performed is 3% higher than pre-pandemic 2019 levels on a compounded annual growth basis.
- Comparable cemetery preneed sales production in 2023 experienced a 10% compounded annual growth rate over 2019 levels.

These results are all made possible by our greatest asset, our 25,000 associates. Their hard work, dedication, and focus on our client families are what makes this company so strong. Looking forward, we are confident that our solid operating platform and healthy financial condition will allow us to continue to grow revenue, leverage our scale, and allocate capital wisely to enhance shareholder value."

#### **FOURTH OUARTER AND FULL YEAR SUMMARY**

Details of our fourth quarter 2023 financial results and the consolidated financial statements can be found in the Appendix at the end of this press release. The table below summarizes our key financial results.

(Dollars in millions, except for per share amounts)		ree Mon			Twelve Months Ended December 31,					
	2023			2022		2023	023 2			
Revenue	\$	\$ 1,055.8 \$	\$ 1,055.8 \$ 1	\$ 1,055.8 \$ 1,	1,027.7	\$	4,099.8	\$	4,108.7	
Operating income	\$	242.1	\$	167.0	\$	944.3	\$	927.3		
Net income attributable to common stockholders	\$	138.4	\$	92.3	\$	537.3	\$	565.3		
Diluted earnings per share	\$	0.93	\$	0.59	\$	3.53	\$	3.53		
Earnings excluding special items <sup>(1)</sup>	\$	138.4	\$	144.3	\$	529.3	\$	607.9		
Diluted earnings per share excluding special items (1)	\$	0.93	\$	0.92	\$	3.47	\$	3.80		
Diluted weighted average shares outstanding		148.8		156.4		152.4		160.1		
Net cash provided by operating activities	\$	277.6	\$	170.3	\$	869.0	\$	825.7		
Net cash provided by operating activities excluding special items (1)	\$	277.6	\$	170.3	\$	882.3	\$	825.7		

- (1) Earnings excluding special items, diluted earnings per share excluding special items, and net cash provided by operating activities excluding special items are non-GAAP financial measures. These items are also referred to as "adjusted earnings per share" and "adjusted operating cash flow". A reconciliation from net income attributable to common stockholders, diluted earnings per share, and net cash provided by operating activities in accordance with generally accepted accounting principles in the United States (GAAP) can be found under the headings "Cash Flow and Capital Spending" and "Non-GAAP Financial Measures" in the Appendix at the end of this press release.
- Diluted earnings per share were \$0.93 in the fourth quarter of 2023 compared to \$0.59 in the fourth quarter of 2022. The prior year quarter was impacted by \$64.6 million of an estimated charge for certain legal matters and a \$5.2 million pre-tax gain on divestitures. Diluted earnings per share excluding special items were \$0.93 in the fourth quarter of 2023 compared to \$0.92 in the fourth quarter of 2022. Higher cemetery gross profit and a lower share count helped to offset the combination of lower funeral gross profit associated with anticipated decreases in COVID-19 related activity as well as higher interest expense.
- Net cash provided by operating activities increased \$107.3 million to \$277.6 million in the fourth quarter of 2023 compared to \$170.3 million in the fourth quarter
  of 2022. The increase is due to higher operating income enhanced by favorable working capital and lower cash tax payments that more than offset higher cash
  interest payments.

## **OUTLOOK FOR 2024**

Our 2024 outlook for diluted earnings per share from continuing operations excluding special items is anticipated to be within our expected long-term growth framework of 8%-12% when excluding an estimated \$20 million impact of the higher interest rate environment. Our outlook for net cash provided by operating activities excludes special items relating to the payments of certain estimated legal charges of \$64.6 million recognized in the fourth quarter of 2022. The forecast for cash taxes also includes the impact related to a change in tax accounting method related to our cemetery segment, which will defer cash taxes into future years.

(1) Diluted earnings per share excluding special items and net cash provided by operating activities excluding special items are non-GAAP financial measures. We normally reconcile these non-GAAP financial measures from diluted earnings per share and net cash provided by operating activities; however, diluted earnings per share and net cash provided by operating activities calculated in accordance with GAAP are not currently accessible on a forward-looking basis. Our outlook for 2024 excludes the following because this information is not currently available for 2024: Expenses net of insurance recoveries related to hurricanes, gains or losses associated with asset divestitures, gains or losses associated with the early extinguishment of debt, potential tax reserve adjustments and IRS payments and/or refunds, acquisition and integration costs, system implementation and transition costs, and potential costs associated with estimated litigation charges or legal settlements or the recognition of receivables for insurance recoveries associated with litigation, or deferred tax payments. The foregoing items could materially impact our forward-looking diluted earnings per share and/or our net cash provided by operating activities calculated in accordance with GAAP, consistent with the historical disclosures found in the Appendix at the end of this press release under the headings "Cash Flow and Capital Spending" and "Non-GAAP Financial Measures".

## **CAUTIONARY STATEMENT ON FORWARD-LOOKING STATEMENTS**

The statements in this press release that are not historical facts are forward-looking statements made in reliance on the "safe harbor" protections provided under the Private Securities Litigation Reform Act of 1995. These statements may be accompanied by words such as "believe," "estimate," "project," "expect," "anticipate," "predict," or other similar words that convey the uncertainty of future events or outcomes. The absence of these words, however, does not mean that the statements are not forward-looking. These statements are based on assumptions that we believe are reasonable; however, many important factors could cause our actual results in the future to differ materially from the forward-looking statements made herein and in any other documents or oral presentations made by us, or on our behalf. Important factors, which could cause actual results to differ materially from those in forward-looking statements include, among others, the following:

- Our affiliated trust funds own investments in securities, which are affected by market conditions that are beyond our control.
- We may be required to replenish our affiliated funeral and cemetery trust funds to meet minimum funding requirements, which would have a negative effect on our earnings and cash flow.
- Our ability to execute our strategic plan depends on many factors, some of which are beyond our control.
- We may be adversely affected by the effects of inflation.
- Our results may be adversely affected by significant weather events, natural disasters, catastrophic events or public health crises.
- Our credit agreements contain covenants that may prevent us from engaging in certain transactions.
- If we lost the ability to use surety bonding to support our preneed activities, we may be required to make material cash payments to fund certain trust funds.
- Increasing death benefits related to preneed contracts funded through life insurance or annuity contracts may not cover future increases in the cost of providing
  a price-guaranteed service.
- The financial condition of third-party life insurance companies that fund our preneed contracts may impact our future revenue.
- · Unfavorable publicity could affect our reputation and business.
- Our failure to attract and retain qualified sales personnel could have an adverse effect on our business and financial condition.
- We use a combination of insurance, self-insurance, and large deductibles in managing our exposure to certain inherent risks; therefore, we could be exposed to unexpected costs that could negatively affect our financial performance.
- Declines in overall economic conditions beyond our control could reduce future potential earnings and cash flows and could result in future impairments to goodwill and/or other intangible assets.
- Any failure to maintain the security of the information relating to our customers, their loved ones, our associates, and our vendors could damage our reputation, could cause us to incur substantial additional costs and to become subject to litigation, and could adversely affect our operating results, financial condition, or cash flow.
- Our Canadian business exposes us to operational, economic, and currency risks.
- Our level of indebtedness could adversely affect our cash flows, our ability to raise additional capital to fund our operations, limit our ability to react to changes in the economy or our industry, and may prevent us from fulfilling our obligations under our indebtedness.
- A failure of a key information technology system or process could disrupt and adversely affect our business.
- The funeral and cemetery industry is competitive.
- If the number of deaths in our markets declines, our cash flows and revenue may decrease. Changes in the number of deaths are not predictable from market to market or over the short term.
- If we are not able to respond effectively to changing consumer preferences, our market share, revenue, and/or profitability could decrease.
- The continuing upward trend in life expectancy and the number of cremations performed in North America could result in lower revenue, operating profit, and cash flows.
- Our funeral and cemetery businesses are high fixed-cost businesses.
- Risks associated with our supply chain could materially adversely affect our financial performance.
- Regulation and compliance could have a material adverse impact on our financial results.
- Unfavorable results of litigation could have a material adverse impact on our financial statements.
- Cemetery burial practice claims could have a material adverse impact on our financial results.
- The application of unclaimed property laws by certain states to our preneed funeral and cemetery backlog could have a material adverse impact on our liquidity, cash flows, and financial results.
- Changes in taxation, or the interpretation of tax laws or regulations, as well as the inherent difficulty in quantifying potential tax effects of business decisions could have a material adverse effect on the results of our operations, financial condition, or cash flows.

For further information on these and other risks and uncertainties, see our Securities and Exchange Commission filings, including our 2023 Annual Report on Form 10-K. Copies of this document as well as other SEC filings can be obtained from our website at <a href="https://www.sci-corp.com">www.sci-corp.com</a>. We assume no obligation and make no undertaking to publicly update or revise any forward-looking statements made herein or any other forward-looking statements made by us whether as a result of new information, future events, or otherwise.

Non-funeral home average revenue per contract sold	\$ 3,072	\$ 2,994	\$ 78	2.6 %					

- (1) Atneed revenue represents merchandise and services sold and delivered or performed once death has occurred.
- (2) Matured preneed revenue represents merchandise and services sold on a preneed contract through our core funeral homes, which have been delivered or performed as well as the related merchandise and service trust fund income.
- (3) Core revenue represents the sum of merchandise and services sold on an atneed contract or preneed contract, which were delivered or performed once death has occurred through our core funeral homes.
- (4) Non-funeral home revenue represents services sold on a preneed or atneed contract through one of our non-funeral home sales channels (e.g. SCI Direct) and performed once death has occurred.
- (5) Non-funeral home preneed sales revenue represents travel protection, net and merchandise sold on a preneed contract that is delivered before death has occurred and general agency revenue from our non-funeral home sales channel.
- (6) Core general agency and other revenue primarily comprises core general agency revenue, which is commissions we receive from third-party insurance companies for life insurance policies sold to preneed customers for the purpose of funding preneed arrangements and core travel protection preneed sales, net.
- (7) Total comparable cremation rate includes the impact of cremation services through our non-funeral sales channel (e.g. SCI Direct).
- Total comparable funeral revenue decreased by \$12.6 million, or 2.2%, primarily driven by a decline in core funeral revenue of \$10.0 million.
- The decrease in core funeral revenue of \$10.0 million, or 2.1%, was primarily due to a 5.6% decrease in core funeral services performed (due to lower COVID-19 related activity) offset by 3.8% growth in the core average revenue per service. This core average growth was achieved despite a modest increase of 50 basis points in the core cremation rate to 56.3%. Core average growth is primarily driven by consumer preferences for enhanced product and service offerings as well as an increase in trust fund income.
- Comparable funeral gross profit decreased \$8.3 million to \$122.3 million and the gross profit percentage decreased to 21.7% from 22.7%. This decrease is primarily due to the decline in revenue mentioned above slightly offset by lower fixed costs and reduced incentive compensation costs this quarter compared with the prior year.
- Comparable preneed funeral sales production increased \$11.6 million, or 4.2%, in the fourth quarter of 2023 compared to 2022. We experienced a 6.8% increase in non-funeral home preneed sales production and a 3.5% increase in core preneed funeral sales production for the quarter. These production increases were driven by higher contract velocity as well as higher sales averages.

# **Comparable Cemetery Results**

The table below details comparable cemetery results of operations ("same store") for the three months ended December 31, 2023 and 2022. We consider comparable cemetery operations to be those businesses owned for the entire period beginning January 1, 2022 and ending December 31, 2023.

(Dollars in millions)	Three Months Ended December 31,									
	2023	2022	Var	%

Comparable gross profit	\$ 165.5	\$ 148.5	\$ 17.0	11.4 %						
Comparable gross profit percentage	34.4 %	33.3 %	1.1 %							

## Comparable cemetery preneed and atneed sales production:

Property	\$ 266.0	\$ 246.2	\$ 19.8	8.0 %
Merchandise and services	192.4	183.4	9.0	4.9 %
Discounts and other	(4.3)	(3.7)	(0.6)	(16.2) %
Preneed and atneed sales production	\$ 454.1	\$ 425.9	\$ 28.2	6.6 %
Preneed sales production	\$ 351.1	\$ 321.0	\$ 30.1	9.4 %
Recognition rate (5)	98.7 %	97.8 %		

- (1) Atneed revenue represents property, merchandise, and services sold and delivered or performed once death has occurred.
- (2) Recognized preneed revenue represents property, merchandise, and services sold on a preneed contract, which were delivered or performed as well as the related merchandise and service trust fund income.
- (3) Core revenue represents the sum of property, merchandise, and services that have been delivered or performed as well as the related merchandise and service trust fund income.
- (4) Other revenue is primarily related to endowment care trust fund income, royalty income, and interest and finance charges earned from customer receivables on preneed installment contracts.
- (5) Represents the ratio of current period core revenue stated as a percentage of current period preneed and atneed sales production.
  - Comparable cemetery revenue increased by \$34.5 million, or 7.7%, primarily due to higher core revenue of \$31.5 million.
  - The core revenue increase of \$31.5 million was primarily due to a \$33.1 million, or 10.7%, increase in total recognized preneed revenue, which was partially offset by a \$1.6 million decrease in atneed revenue. The \$33.1 million in total recognized preneed revenue growth benefited from growth in comparable preneed cemetery sales production of \$30.1 million, or 9.4%.
- Other revenue was higher by \$3.0 million, or 10.2%, primarily from a \$2.6 million increase in endowment care trust fund income due to improved market returns
- Comparable cemetery gross profit increased \$17.0 million to \$165.5 million. The gross profit percentage increased to 34.4% from 33.3% primarily due to the growth in core revenue mentioned above.
- Comparable preneed cemetery sales production increased \$30.1 million, or 9.4%, reflecting continued strength in large sales activity combined with a healthy growth in the core production sales average. This growth more than offset the modest decline in core production contract velocity.

## **Other Financial Results**

- Corporate general and administrative expenses decreased \$62.8 million to \$45.1 million compared to \$107.9 million. The decrease included an estimated charge for certain legal matters of \$64.6 million in the prior year. Excluding these costs, corporate general and administrative expenses increased \$1.8 million primarily related to our long-term incentive compensation plan that is tied to our relative shareholder returns.
- Interest expense increased \$15.5 million to \$64.5 million primarily due to higher interest on our floating rate debt. During the fourth quarter, our floating rate debt carried a weighted average interest rate of 7.55%, which is about 280 basis points higher than the weighted average rate for our floating rate debt in the prior year fourth quarter of 4.75%.
- The GAAP effective income tax rate for the fourth quarter of 2023 was 23.0% down from 24.3% in the prior year quarter. Our adjusted effective income tax rate was 23.2% in the fourth quarter of 2023 compared to 24.7% in the prior year quarter. The lower tax rates in the current period were primarily due to non-taxable gains on the cash surrender value of certain life insurance policies as a result of better returns in the financial markets.

## **Cash Flow and Capital Spending**

(Dollars in millions)	Т	hree Montl Decemb	 	Tw	elve Mon Decemi		
		2023	2022		2023		2022
Net cash provided by operating activities	\$	277.6	\$ 170.3	\$	869.0	\$	825.7
Legal settlement payments		_	\$ _		13.3	\$	_
Net cash provided by operating activities excluding special items	\$	277.6	\$ 170.3	\$	882.3	\$	825.7
Cash taxes included in net cash provided by operating activities excluding special items	\$	4.0	\$ 37.3	\$	83.7	\$	179.5

The \$107.3 million increase in net cash provided by operating activities is primarily due to \$55.8 million of favorable working capital associated with stronger cash receipts from prior period sales as well as the timing of certain payables, \$33.3 million of lower cash tax payments, and a \$21.4 million benefit from the timing of a payroll tax payment in the fourth quarter last year related to the CARES Act of 2020. These favorable impacts coupled with higher operating income more than offset a \$15.7 million increase in cash interest.

A summary of our capital expenditures is set forth below:

(Dollars in millions)			 s Ended I r 31,		December 31,			
		2023	2022		2023	- 2	2022	
Capital improvements at existing field locations	\$	31.4	\$ 47.1	\$	114.1	\$	160.2	
Development of cemetery property		41.3	48.7		153.0		124.6	
Digital investments and corporate		9.4	13.1		57.0		49.8	
Total maintenance, cemetery development, and other capital expenditures (Maintenance capital expenditures)	\$	82.1	\$ 108.9	\$	324.1	\$	334.6	
Growth capital expenditures/construction of new funeral service locations		11.9	8.0		37.7		35.1	
Total capital expenditures	\$	94.0	\$ 116.9	\$	361.8	\$	369.7	

Total capital expenditures decreased in the current quarter by \$22.9 million primarily due to a decline in capital improvements at existing field locations and the development of cemetery property both associated with the timing of certain capital projects.

## **Trust Fund Returns**

Total trust fund returns include realized and unrealized gains and losses and dividends and are shown gross without netting of certain fees. A summary of our consolidated trust fund returns as of December 31, 2023 is set forth below:

# Non-GAAP Financial Measures

Earnings excluding special items and diluted earnings per share excluding special items shown above are non-GAAP financial measures. We believe these non-GAAP financial measures provide a consistent basis for comparison between quarters and years, and better reflect the performance of our core operations, as they are not influenced by certain income or expense items not affecting operations. We also believe these measures help facilitate comparisons to our competitors' operating results.

Set forth below is a reconciliation of our reported net income attributable to common stockholders to earnings excluding special items and our GAAP diluted earnings per share to diluted earnings per share excluding special items. We do not intend for this information to be considered in isolation or as a substitute for other measures of performance prepared in accordance with GAAP.
