Service Corporation International Receives 'Great Place to Work®' Certification

Company earns distinction for third consecutive year

HOUSTON, Oct. 10, 2019 /PRNewswire/ -- Service Corporation International (NYSE: SCI), North America's largest provider of funeral, cemetery and cremation services, today announced it has been recertified for the third consecutive year as a great workplace by the independent analysts at Great Place to Work®. SCI earned this credential based on ratings from anonymous surveys sent to its 24,000 employees in the U.S.

"Our associates are dedicated to providing exceptional, caring service to our client families, and the survey results demonstrate the pride they take in the work they do every day," said Phil Sprick, vice president of Human Resources at SCI. "We are committed to providing associates with a work culture and environment that supports their daily efforts to give great service to families and communities."

In the survey, 91 percent of responding employees said, "My work has special meaning: this is not 'just a job'" and 92 percent said, "When I look at what we accomplish, I feel a sense of pride." SCI's overall survey results have improved year over year during the past three years the company has participated.

"We applaud SCI for seeking employee feedback and earning this certification," said Sarah Lewis-Kulin, vice president of Great Place to Work Certification and List Production. "These ratings measure the company's capacity to earn its own employees' trust and create a culture that benefits both associates and the clients they serve."

About Service Corporation International
